

Meeting Minutes 1

2/6/2019

Shaina Read

- What I have done
 - Getting the git and documentation together so that we know where we are and what we need to do
- What I'm doing
 - working on the prototype
- What problems did I run across
 - Personal time management; making time for getting the prototype done
- What will I work on
 - Further development on the prototype and documentation

Vale Gibson

- What I have done
 - Looked into the backlog to find specific tasks
- What I'm doing
 - Researching how to transform some amount of text into a text blob for later processing
- What problems did I run across
 - Finding work that wasn't already being done
- What will I work on
 - Transform the text into text blob

* What I have done

* Reviewed grammars/parsing covered in previous classes

* What I'm doing

* Reviewing team documentation

* Getting environments set up (installing Python, Dash, TextBlob, etc)

* What problems did I run across

* My schedule has been *really* fucky lately and I apologize

* It should stabilize by this weekend but if all else fails, I'm cutting hours at work at around midterms this semester so I'll have a lot more time at home before Sprint #3 (for which I'm listed as Scrum Master)

* What will I work on (if these are not already claimed)

* Trello task: "Create an upload button for UI that accepts CSV files"

* Trello task: "Turn TextBlob into relevant Python data structure"

Thilon Berry

- What I have done
 - Research what need to get the first version of the UI done
- What I'm doing
 - Working on the first version of the UI for saturday
- What problems did I run across
 - Time management and getting the UI done by Saturday
- What will I work on
 - Getting better at my time management and working on further improvements to the UI
